

Physical Specifications (Standard)
Dimensions: 34.5" W x 40" H x 42" D (inc. waste tank)
Weight: 475 lbs (with tank)
Frame: Powder-Coated High-Strength Steel
Engine: 23 HP Vanguard/Honda Overhead Valve
Water Pump: Oil Bath at 6.8gpm at 4000PSI
Heating System: Stainless Steel 3-Element Exchanger
Recovery Tank: 70 Gallon Heavy-Duty Stainless Steel Tank
Hoses: 325 ft. Vacuum + 325 ft. Solution Hoses
Instruments: Rugged Marine Gauges
Wand: 2-Jet Stainless Steel S-bend wand w/bypass
S. O. V. C. Vacuuming Quadrupling System
(Can run 1000 feet of Vac hose.)
Stainless Steel Panels
120V. AC Power Outlets

Why Do I Need the Prodigy Bio?

The Prodigy Bio is the fastest way to handle the small quick cleanups to the largest catastrophes. The real practical benefit on a daily basis is the use of the Prodigy Bio for every day cleaning of Carpets, Upholstery, and All Hard Surfaces including Walls, Showers, Graffiti removal, Floor Stripping, Plumbing Drain Cleaning, Pressure Washing, and Hydro Jetting.

Imagine Yielding the Power of a Prodigy Bio, Capable of:

- 80% more vacuum than most large Truck Mounted Machines
- 4x the airflow of a large Truck Mounted Cleaning Machine
- The water pump has twice the capacity of most Pressure Washers
- The Heating System produces 2 times the heat to assist in Sterilization and Cleaning.
- 12,000 PSI system producing up to 4000 PSI of working pressure at the tools
- Stainless Steel throughout, including Holding Tank, Heat Exchangers, Mufflers, Exhaust System, Machine Panels and more to facilitate Cleanliness/Sterilization.
- The Chemical Injection System allows for virtually any chemical to be applied hot and with pressure, such as Quaternary Disinfectants, Phenols, Bleach, Acids, Caustic Soda, ECT.
- A Bio Macerator that purees Biohazard/Hazmat Waste with a disinfectant and heat, sending the waste to a S.S. holding tank where it is treated with Ozone and UV light prior to disposal.
(Usually allowing sanitary sewage disposal)
- For the large jobs a 1500 gallon per hour Pump Out pumps treated waste to a drain or secondary tank allowing unlimited disposal of anything from dirty water to Nuclear Waste.
- The machine has attachments that allows Cleaning/ Sanitation of itself, its hoses, and attachments.
- For remote operation or under disaster conditions, The Prodigy Bio can provide its own clean water, 120V. of clean AC. power, and can operate on Gas or Propane Tanks with the flick of a switch. (Diesel available.)
- The Prodigy Bio Package includes 5 training classes for the personnel of your choice (up to 20) and a Certification Class with testing for OSHA Biohazard Certification (4 seats included, extra charge for more)

PRODIGY_{BIO}

Optional Upgrades

- Dual Fuel (*Propane or Gas*) Diesel available
- Choose from 3 different Water Softeners
- Heat Exchanger Upgrades for higher temperatures and Volumes
- Hose Cleaning and Decontamination/Sanitizing tool
- Drain Hydro-Jetting attachments
- Drain Clean out attachments (*Scum Sucker*)
- Upholstery and Draperies tools
- Liquid Cooled Engine options
- Silencing Packages for ultra quiet operation
- Auto Pump Out 1500 GPH. Or 5000 GPH. Pumpout
- Pumpout that handles mud, sewage, and small rocks
- Security Packages for use in high theft areas
- Hard Surface cleaning attachments for (*Wood, Tile, Granite, Marble, Concrete, Vct. Ect.*)
- Clean and Capture Tools :
(Clean & Capture is Hot High-Pressure Decontamination and Cleaning inside the confines of a tool head with no overspray or runoff)
- Pressure Washing Guns
- Mold and Asbestos Abatement (System)

Features

1. Sterilize / Cleans itself / Prion Reduction
2. Allows virtually any chemical to be ran through the machine
3. Allows Clean and Capture (*multi surface decontamination*)
4. Pressure wash with chemical and heat up to 4000 P.S.I.
5. 120 V AC. power outlets 20 amp. True Sine Wave
6. Ozone / Uv. Light / Chemical / Heat / Sterilization and Decontamination
7. Stainless Steel Machine and Waste Tank
(allows for Decontamination of machine)
8. Biomercinator (*Grinds Waste for Disinfection and Disposal*)
9. Free Tech Support

Facilitates

- Emergency Management Center (*EMC*) and the Comprehensive Emergency Management Program (*CEMP*). -71:4027-4030
- Hazard Vulnerability Analysis (*HVA*) and Emergency Management Program (*EMP*)
- (*OSHA*) Hazardous Waste Operations and Emergency Response regulation (*HAZWOPER*), 29 CFR 1910
- Occupational Safety and Health Administration
- 29 CFR Parts 1910, 1915, and 1926 1928
- Blood borne Pathogen Standard 29 CFR 1910.1030 and 1915.1030
- Hazardous liquids 1910.106
- 4953: Refuse System
- (*HASP*) Requirements
- IAQ 1915, 1926, 1928

Who is POWERPLUS?

Powerplus Cleaning Solutions, The World leader in Professional Cleaning, Decontamination, and Restoration Machines. We not only invented them, we Wrote the book on them. We continue to be responsible for virtually every major achievement in these industries, and welcome your participation in new product development. We appreciate the vast and clear need to provide fast, reliable and safe cleanup of large Hazmat, Biohazard, Terrorist, Fire, Water Restoration, Mold, and Asbestos Abatement, and Remediation Catastrophes.
