Can of wipes the easiest way to have sanitary shop wipes tailored to meet your exact needs! Imagine your favorite cleaning agent infused in a durable shop wipe. It’s strong enough to power through grease, yet gentle enough to disinfect a baby’s bottom. Whatever the cleaning need, these wipes get the job done!

Pour, wait, use:

Pour

1-1.5 gal of your favorite cleaning agent into the bucket. You can use a little for moist towels or a lot to saturate them

Load

Your durable absorbent towels into the bucket and replace the self-sealing top

Wait

20 minutes for the towel to absorb the chemical

Use

Your favorite cleaning agent on anything you need to clean
